

PASTOR'S POOCH

The weather is warmer and the grass is growing, which means I have something new to bark at: the lawn mower. Mom tries to get me to settle down and not bark so much, but I'm just letting him know not to get too close to my fence or he might get tangled up in it. That would not be fun.

On Sat. before Easter, my Pop-Pop came over. He brought in a wooden box that I thought might be filled with doggy Easter treats for me. But it wasn't. I heard him and Mommy talking about it being for people who visit the garden that the church to put any prayer requests in. I hope when it is put up, I can reach the slot and put in my request for all dogs to have lots of love, lots of food and lots of water. Oh, and Pop-Pop did have a basket of Easter treats for me.

By the time you receive this newsletter, I will be done with the reading program for this school year. It is so much fun and I'm already looking forward to it starting again in September. But I will still be making visits to the various nursing homes throughout the summer.

I'm also looking forward the Strawberry Social on June 4th. This year they are having it later in the day and inside. Unfortunately, Mom won't be able to attend because she will be at the Farewell Reception for Rev. Bill Sterling and his wife, Jackie as he is stepping down as our District Superintendent to serve a church over in Ocean Pines. So, I hope Mom remembers to put in an order ahead of time for them to hold for her (and me) one of Mr. Ron's pulled pork platters. Yummy! I'd also like to try some of the strawberries, especially any with ice cream. (Hint, hint.) I also hope folk will come out and have a good time at this event, because the proceeds are used to pay for Sunday School students to go to Camp Pecometh.

I hope everyone has a fun summer.

Woof! Woof!
